

22nd May 2022.

Dear friends,

Mid-winter time is here again, the first anniversary of Julian's passing on the 30th June. The mystery of mid-winter in spirit light, **God-Word** resounding through all being... and the Spirit Child born in the soul, as heart-fruit of hope... In this holy mood of spirit revelation our sense of self arises through clarity of thinking.

The Soul Calendar lived vividly in Julian's heart, and this was the mood he chose for completion of his earthly journey.

May the spirit light shine for us and carry us through this year's mid-winter too.

As an offering for Julian and for all the friends who have passed away, a few of us will be gathering to go on the journey through the cosmos with **Olav Åsteson**, in his midwinter initiation 'Dreamsong', in Julian's translation, and with the ancient Norwegian tunes, which he sang and played with us in many a mid-winter time...

Julian's presence has been so tangible and supportive for me, gently guiding and spreading inner peace and light.

My heartfelt thanks go out at this time to all who have supported me in so many ways, also on Julian's behalf, for all the care and goodwill and appreciation.

Perhaps this is an opportunity for me to be able to thank all those who have gifted, with or without name, through Ian's Givealittle page* towards Julian's funeral costs, and for the very moving and special comments that were added.

With hope, strength and peace to you all,

Astrid.
