

The Foundation Stone

Meditation

Seminars 1, 2 and 3

with *Norbert Mulholland*

**May: Friday 22nd 7pm to 9pm; Saturday 23rd 9am to 6pm; Sunday
24th 9am to 4pm**

These seminars will build on the mighty pictures which inspired us in celebrating the laying of The Foundation Stone.

They will delve deeply into the mystery of etheric life; then into the mysteries of The Heights and The Depths where the 1st Hierarchy carry out The Will of The Father.

Using Steiner's modelling wax, we will explore the living powers of The First Goetheanum, which can guide us in how to provide a *sheath* of our communities.

We will begin to experience 'speaking meditation', where The Word speaks to us, as well as through us.

Where: **500 Nelson Street Norh, Hastings, Hawkes Bay.**

Cost: **\$100—but please come anyway—if cost is the only obstacle, offer a koha.**

Rationale For The Foundation Stone Meditation Seminars

To address 'the deep longing for redemption in Human Souls'*

To build sheaths for communities dedicated to preparing a new Humanity.

*'So that through human will the earth can reach the goal set her from the very beginning.'***

Taking up The Foundation Stone Meditation arms us against every adversary. The granting of this meditation to Humanity is quite possibly the single most important deed of Rudolf Steiner's life. Our work with it will never cease.

Seminar 01: The Macrocosmic Lords Prayer; Christian Rosenkreutz; The House of The Word

Seminar 02: The living Goetheanum, the living 'sheath'

Seminar 03: The First Tablet—The Father God

Seminar 04: The Second Tablet—The Son God

Seminar 05: The Third Tablet—The Spirit God

Seminar 06: Life Spirit/'Buddi': The Elemental Spirits—Humanity

Seminar 07: The New Earth—New Sun

The intuition for this initiative arose in the early days of Covid19, before Klaus Schwab (founder and then Executive Chair of The World Economic Forum) announced a 'great reset'—calling this reset 'a turning point' in human history, the target year for implementation was 2030.

The final Foundation Stone seminar would also fall in 2030.

Bearing in mind that Steiner stated, specifically at the laying of the foundation stone, that the real turning point of time is 33, and counting 3x666 (1998 the time of Sorat, 'the sun demon'), we arrive at 2031, when we can expect a mighty adversarial impulse, advancing an exclusively material, technological reality.

Should we be able to complete the above seminars, it would be possible to enact a significant deed in 2031 centred on The Foundation Stone Meditation, which would counter 'The Beast'*** and advance the true mission of the earth—freedom and love.
